CLAIMS DEPARTMENT - RESOURCES AND INFORMATION

Service-Connected Compensation

The Texas Veterans Commission serves veterans, their families, and survivors, in matters pertaining to VA disability benefits and rights. The agency represents veterans in VA disability claims and during the VA appeals process, and assists dependents with survivor benefits.

Service-Connected Disability compensation is a tax-free benefit paid to a veteran for certain qualifying disabilities. Veterans may be eligible for disability compensation if they have a service-related disability and were not discharged under less than honorable conditions. Many veterans do not realize they may qualify for monthly payments due to health conditions that can be traced back to their military service. The VA calls these health conditions service-connected disabilities.

- Combat deployment is not required for a service-connected disability rating or compensation.
- Service-connected disabilities are rated from 0% to 100%. Compensation amounts are based on the rating and number of veteran's dependents.
- VA compensation is not subject to Federal or State taxes.
- VA will consider all disabilities when they are included within the claim.
- If service-connected disabilities rated at 60%-90% cause unemployability, the veteran may be paid at the 100% rate by VA.
- Filing a claim and establishing service-connected disabilities provides certain priorities in obtaining medical care at VA expense.
- Texas and many other states have special programs and benefits for veterans with service-connected disabilities.
- Most claim payments start to accrue within a month from the day you file, no matter how long it takes to get the claim settled. Start the process today.

Non Service-Connected Pension

Non service-connected pension is a monthly benefit paid to wartime veterans who have limited or no income.

Who qualifies? Veterans who:

- Are 65 or older, or permanently and totally disabled;
- Were not discharged from service under less than honorable conditions;
- Meet active duty service requirements with at least 1 day during a period of war time; (combat experience is not required)
- Have a family income lower than the limit (depends on spouse/dependents)

These eligibility requirements are general and there are additional factors that affect eligibility.

Treatment for Service-Connected and Non Service-Connected Disabilities

Eligibility for treatment of non service-connected disabilities on a space-available basis at VA hospitals and clinics (a co-payment may be required):

- Treatment of all disabilities without charge if rated 50% or more.
- VA may pay for emergency hospitalization in private facilities for service-connected disabilities if VA facilities are not available. The VA medical facility that has jurisdiction must be notified within 72 hours of admission to the private facility.
- If the veteran resides in an area that is a long distance from a VA medical facility, VA may pay for outpatient medical treatment from private doctors for any service-connected disability and for all disabilities except dental if the veteran is rated 50% or more for service-connected disabilities.
- VA furnishes, free of charge, medicines required for treatment of service-connected disabilities and for all disabilities if the veteran is rated 50% or more for service-connected disabilities.
- Prosthetic appliances and services are available at VA expense for eligible veterans.
- If a veteran is hospitalized in excess of 21 days or convalescent for one month or more for service-connected disabilities, he/she may be entitled to a temporary 100% rating during that period.
- VA pays an annual clothing allowance to veterans whose prosthetic devices for service-connected disabilities tend to wear or tear their clothing. Also the allowance is available to any veteran whose service-connected skin condition requires prescribed medication that irreparably damages the veteran's outer garments.
- A service-connected disability rating provides preference points for Federal employment under certain conditions. Educational benefits are available to the spouse and other dependents of permanent 100% service-connected veterans, of veterans who die from service-connected disabilities and of members whose active duty deaths are incurred in the line of duty.

Dependency and Indemnity Compensation (DIC)

VA may provide a monthly benefit to the surviving spouse or parent(s) upon a veteran's death

Who qualifies?

To be eligible, the veteran's death must have resulted from one of these causes:

- A disease or injury incurred or aggravated in the line of duty.
- An injury, heart attack/cardiac arrest, or stroke incurred or aggravated in the line of duty or while on inactive duty for training.
- A service-connected condition that affects a vital organ or bodily process.

**For the most Current VA Disability Compensation Rates,
visit www.benefits.va.gov**

Death Pension

VA provides pensions to low-income surviving spouses and unmarried children of deceased veterans with wartime service (combat experience is not required). The death pension provides a monthly payment to bring an eligible person's income to a level established by law.

Who qualifies?

- To be eligible, spouses must not have remarried and children must be under age 18, or under age 23 if attending a VA-approved school, or have become permanently incapable of self-support because of disability before age 18.
- The veteran must have been discharged under conditions other than dishonorable and must have qualifying service.
- A surviving spouse may be entitled to a higher income limit if living in a nursing home, in need of the aid and attendance of another person, or permanently housebound.

These eligibility requirements are general and there may be additional factors that affect eligibility.

TVC Hazlewood Benefit Program

Phone: 512-463-8189

The Hazlewood Act

The Hazlewood Act is a state of Texas benefit that provides qualified veterans, spouses, and dependent children with an education benefit of up to 150 hours of tuition exemption, including most fee charges, at public institutions of higher education in Texas. This does NOT include living expenses, books, or supply fees.

Who qualifies? Veterans who:

- Entered active duty in the U.S. Armed Forces and stated Texas as Home of Record; entered the service in Texas; or was a Texas resident;
- Received an honorable discharge or separation or a general discharge under honorable conditions as indicated on the Veteran's Certificate of Release or Discharge from Active Duty (DD Form 214);
- Have served at least 181 days of active duty service (excluding training) and does not have federal veteran's education benefits or federal veteran's education benefits dedicated to the payment of tuition and fees only (such as Chapter 33 or 31). This is for the term or semester enrolled that does not exceed the value of Hazlewood benefits;
- Are not in default on a student loan made or guaranteed by the state of Texas;
- Enrolled in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its cost), unless the college's governing board has ruled to let veterans receive the benefit while taking non-funded courses; and
- Meet the GPA and excessive hour requirement of the institution's satisfactory academic progress policy in a degree or certificate program as determined by the institution's financial aid policy.

Veterans who are granted their first Hazlewood Act exemption beginning fall, 2011 must reside in Texas during the semester or term for which the exemption is claimed. This requirement does not apply to the veterans who either received the exemption prior to the 2011-2012 academic year, have re-enlisted into active duty, or reside with a spouse who is on active duty.

Legacy Act (Child)

Eligible veterans may assign unused hours of exemption eligibility to a child under certain conditions.

Who qualifies? A child (legacy recipient) who:

- Is the biological child, stepchild, adopted child, or can be claimed as a dependent in the current or previous tax year;

- Meets the GPA and excessive hour requirements of the institution's satisfactory academic progress policy in a degree or certificate program as determined by the institution's financial aid policy.

Legacy recipients will receive an exemption for the number of degree certified hours reported by the institution for that term/semester. Maximum degree certified hours awarded to the Legacy recipient will be dependent upon the degree or certificate program in which the student is enrolled for that term or semester and shall be consistent with the program length as defined within the school catalog as approved by the regional accreditation commission. *If a child to whom hours have been delegated fails to use all of the assigned hours, a veteran may re-assign the unused hours that are available to another child. Only one child will use Hazlewood Legacy benefits at a time.

Hazlewood Act for Spouse/Child

Who qualifies? Veterans who have applied for a land loan on or after 12/01/2007.

Veterans Housing Assistance and Home Improvement Program

The Veterans Housing Assistance and Home Improvement Program offers an interest rate reduction to qualifying veterans with disabilities.

Who qualifies? The veteran must have a compensable service-connected disability of 30% or greater as verified by an Award Letter from the VA. The veteran must also meet all other eligibility requirements. All Texas Veterans Land Board loans are subject to credit approval.

Veterans Housing Assistance Purchase Program

The Veterans Housing Assistance Program provides financing toward the purchase of a home to qualified Texas veterans. Loans may be originated through the Texas Veterans Land Board. There is no maximum sales price with the VHAP. The VHAP is not a refinancing program. If you have an existing home loan, you cannot use the VHAP to lower your interest rate, nor can the VHAP be used as a down payment. It can only be used as a first lien on your primary residence. The term of the loan can be 15, 20, 25 or 30 years.

The VHAP must be originated in conjunction with Federal Housing Administration (FHA), Veterans Administration (VA), or conventional financing. All VLB loans require an escrow account for taxes and insurance.

Veterans Home Improvement Loan Program

The Texas Veterans Land Board (VLB) will lend to eligible Texas veterans on a fixed-rate note for substantial repairs to their existing primary residence. No down payment is required. All loans are FHA-insured.

The veteran cannot advance any funds to the contractor or purchase materials prior to receipt of loan proceeds from the VLB. The VLB must be in a first or second lien position. All property improvements should be completed within six months from the date of disbursement of loan proceeds. If the veteran is required to vacate the home while the improvements are being made, the veteran must re-occupy it within 60 days after completion of the construction.

The amount of exemption is determined according to the percentage of service-connected disability.

No Cost Medical Records

The health care provider or health care facility is not required to provide more than one complete record for the patient or former patient without charge. Also, it should be noted, that some medical facilities will charge a small administrative fee for obtaining the records.

Insurance

Veterans Group Life Insurance (VGLI) is a program of post-separation insurance which allows service members to convert their SGLI coverage to renewable term insurance. All service members with full-time SGLI coverage are eligible for VGLI upon release from service.

How to get it?

Veterans leaving the service must elect to convert their SGLI coverage to VGLI.

- You must apply within one year and 120 days from discharge.
- Service members who submit their application within 120 days of discharge do not need to submit evidence of good health.
- Service members who apply after the 120 day period must submit evidence of good health.

Free Recording of Discharges

Under Texas State law, Local Government Code Sec. 0192.002, the County Clerk in each County is required to record, free of charge, the official discharge of each veteran who served in the U.S. Armed Forces. This free service is very important as it provides veterans with a ready source from which they can obtain a certified copy of their discharge whenever it is needed. It's the veteran's responsibility to have the DD214 or Discharge recorded. Please also note that if you do record your DD214 with the County Clerk, it then becomes a public record.

Texas Department of Criminal Justice

The Texas Department of Criminal Justice (TDCJ) manages offenders in state prisons, state jails and private correctional facilities that contract with TDCJ. TDCJ honors and supports veterans by granting them employment preferences, and fully recognizes, honors, and enforces the Uniformed Services Employment and Reemployment Rights Act, a law which protects the civilian job rights and benefits of United States military service personnel.

TDCJ has a history of successful recruiting at military bases and continues to actively recruit personnel who are about to be honorably discharged. Military veterans and staff have a great number of skills and quality training, along with experience handling a variety of responsibilities. www.tdcj.state.tx.us

The Office of Public Utility Counsel (OPUC)

The OPUC was created in 1983 in response to legislative and consumer groups concerns that residential and small commercial utility consumers were not adequately represented in utility proceedings. OPUC is charged with representing residential and small commercial consumers, as a class, in proceedings affecting utility rates and services. OPUC represents consumers' interests before the Public Utility Commission (PUC), the Texas Reliability Entity, the Electric Reliability Council of Texas (ERCOT), and state and federal courts. The agency also provides information to service members, veterans and their families and provides presentations, upon request, to military groups and organizations representing service members and their families. <http://www.opuc.texas.gov>

Texas Department of Licensing and Regulation

The Texas Department of Licensing and Regulation (TDLR) is committed to providing expedited services to veterans and military spouses and is proud to be a member of the Texas Coordinating Council for Veterans Services. www.tdlr.texas.gov

- TDLR provides expedited licensing for military spouses and veterans transitioning to civilian occupations regulated by TDLR.
- Veterans are allowed to credit verified military experience, training, or education toward fulfilling licensing requirements. Currently, six TDLR programs have a corresponding MOS allowing for this credit.
- TDLR license application fees are waived for veterans if the applicant's military service, training, or education substantially meets all of the requirements of the license.

Commission on Jail Standards

The Texas Commission on Jail Standards is the regulatory agency over Texas county jails. While the agency does not provide direct services to veterans, the agency actively engages with sheriffs, county officials, and jail administrators about available resources for justice-involved veterans.

Activities include disseminating technical assistance memos to counties about veterans' services found at the local, state, and federal level, writing articles on veterans' resources in our agency newsletter, and inviting veterans groups to speak during our agency presentations at training conferences.

As part of its regulatory requirements, the Commission mandates county jails utilize the Department of Veteran Affairs' Veteran Reentry Search Service (VRSS) to identify veterans. The VRSS provides real-time identification of veterans to county corrections officers. After justice-involved veterans are identified, our goal is that counties can link veterans to available services and resources. www.fcjs.state.tx.us

Texas Department of Housing and Community Affairs

The Texas Department of Housing and Community Affairs (TDHCA) is the state agency responsible for promoting and preserving affordable home ownership, financing the development of affordable rental housing, ensuring long-term stability and habitability of housing for low-income households, supporting community and energy assistance programs, and providing housing activities in the colonias. TDHCA is also responsible for the regulation of the state's manufactured housing industry. www.tdhca.state.tx.us

Texas Veterans Mobile App

The Texas Veterans Mobile App gives Texas veterans quick access to the Veterans Crisis Line, the Hotline for Women Veterans, the Military Veteran Peer Network, and the Texas Veterans Portal. The app, which can be downloaded from both Google Play and the App Store, works on most iPhones and Android mobile phones.

Texas Online: Texas Veterans Portal

The Texas Veterans Portal provides information from federal and state agencies in a comprehensive collection of links about veteran's benefit information. The website contains information to assist the veteran and their family in buying a home or land, receiving education benefits, finding a job, health care resources and more. veterans.portal.texas.gov
