1. Introduction

Accounting records, including expenditure reports, must be supported by adequate source documentation. Supporting documentation for each reported cost must demonstrate the Cost Incurred as well as payments made to the vendor. Texas Veterans Commission grants follow the authority of the **2 CFR 200 federal grant management regulations** (2 CFR) and Texas Grant Management Standards (**TGMS**). Grantees must follow the requirements of 2 CFR 200 to ensure timely reimbursement for qualified expenses incurred within the scope of the awarded grant project.

A. Purpose

The **Reimbursement Documentation Requirements** (RDR) identify the supporting documents accepted by the FVA for expenses. The RDR establishes guidelines for proper reporting and reimbursement of expenditure claims by Grantees.

B. Definitions

Cost Incurred. Any expense for a resource or asset within the scope of the awarded grant project that is recorded when it is incurred.

Proof of Cost Incurred. The record for an expense for a resource or asset within the scope of the awarded grant project billed to the Beneficiary or Grantee, typically in the form of an itemized invoice or statement from the vendor.

Demonstration of Payment. The record demonstrating payment by the Grantee for an expense of resources, assets, or services for beneficiaries within the scope of the awarded grant project based on the proof of cost incurred. A Demonstration of Payment is typically in the form of a bank statement or canceled check.

C. Common Acronyms

2 CFR. 2 Code of Federal Regulations, Part 200

FVA. Fund for Veterans' Assistance.

GO. Grant Officer.

PRR. Payment Reimbursement Request.

RFA. Request for Applications

TGMS. Texas Grant Management Standards

2. Securing and Maintaining Documentation

A. Grant Officer Role

Your Grant Officer along with FVA management will determine if the supporting documentation submitted is adequate for reimbursement.

B. General Guidelines

FVA may deny or disallow claims for unsupported expenses. FVA may require that funds reimbursed for unsupported expenses be returned if advertently paid to grantee. The most common circumstances involve expenses and/or payments made for resources or assets that are: (a) outside the scope of the awarded grant project and (b) made without proof of beneficiary eligibility.

- 1. Grantees should make all attempts to secure the proper beneficiary eligibility documentation before providing services to ensure all costs reported to FVA are provided to eligible beneficiaries.
- 2. Grantees should ensure all costs reports to FVA are adequate, necessary, and verifiable to the need of the beneficiary and within the scope of the awarded grant project.
- 3. Grantees are required to maintain support documents for delivery of services and related expenditures for grant-funded activities in line with FVA's document retention policy.

3. Supporting Documentation Guidelines

A. Grant Officer Expense Approval Required

Grant Officer (GO) approval of expenditures is required before the Grantee may be reimbursed for expenses. The GO's approval is based on a complete review of all related support documents submitted for the claim and an evaluation of the awarded grant project's scope.

Proof of Cost Incurred and **Demonstration of Payment** for each expense must match the information reported on the monthly **PRR** (see pages 35-39 to preview the contents of this report). The PRR must be submitted in the Excel document format provided by your GO.

Timely submission of ONLY the appropriate documentation, in the same order and format it was requested, will result in a speedy, efficient reimbursement process.

B. Required Documents

- 1. **Submit the required supporting documentation.** Documents should be in the same order of budget categories as set out in the **PRR**. Supporting documentation submitted out of order delays the reviewing process and may be returned by FVA for Grantee to correct and resubmit.
- 2. **Submit proof of payment with check.** When a purchase or payment is done with a check the copy of the canceled check must include both the front and back with endorsement.
- 3. **Submit proof of the credit card payment** in addition to the Proof of Cost Incurred when requesting reimbursement for an item paid for with a credit card.
- 4. If applicable to your grant project, request reimbursement for bulk purchases AFTER the item has been disbursed. Bulk purchases are reimbursed per item after distribution.
- 5. **General Assistance Homeless Veteran Support** grantees that purchase bulk canned and dry foods to support pantry services from their office. These grantees will calculate the cost of item they may include in a "bundled pantry box" that includes a variety of items, and request reimbursement for the cost of a single "bundled pantry box" after disbursed to eligible beneficiaries.

C. Unallowable Documents

The following documents are unallowable <u>for reimbursement purposes</u>. Grantees may need to retain some of these documents for their records (i.e. for the **Home Modification Checklist**) in accordance with document retention requirements.

- 1. **General ledgers as supporting documentation.** General ledgers are not adequate Proof of Cost Incurred or Demonstration of Payment.
- 2. **Documents that include redundant information** (such as organizational requests or internal approval forms) unless the required supporting documents provided are ambiguous and require additional information for clarification.
- 3. **Documents containing Personally Identifiable Information (PII).** Social Security Numbers and other PII must not be shown on supporting documents.
- 4. Estimates, bids, or quotes in place of Proof of Cost Incurred. Expense documentation must indicate the actual amounts spent.
- 5. **Hand-written letters, leases, invoices and statements.** These are not adequate Proof of Cost Incurred.
- 6. **FVA will not reimburse grantees** who pay a client's bills when those bills are over 60 days old when presented by the client.
- 7. **Invoices and/or bills must be legible** and not altered by hand-written notes or corrections. To support FVA audits, invoices and/or bills submitted by grantees cannot be altered via hand-written information that: a) changes amount due; b) adds late payments and/or fees; or c) adjusts the date of the invoice.
- 8. Payments made with personal credit cards or personal check are not allowable.

Most client services are provided via budgeted staff under **Salaries and Wages**. Refer to other programs to determine the required documents. There is one exception for Clinical Counseling costs, where FVA reimburses a standard unit cost across the board for counseling services.

FVA will not reimburse grantees who pay a client's bills when those bills are over 60 days old when presented by the client.

Invoices and/or bills must be legible and not altered by hand-written notes or corrections. To support FVA audits, invoices and/or bills submitted by grantees cannot be altered via hand-written information that: a) changes amount due; b) adds late payments and/or fees; or c) adjusts the date of the invoice.
